A Personal Message from MP Rathika Sitsabaiesan

Dear Friends,

I am delighted to extend warm greetings to everyone attending the opening of the Tam Shek-Wing Celebration Exhibit.

Art is a language that can be spoken and shared across cultures. It brings thoughts and ideas to life. Art is truly something that belongs to everyone. Master Tam has certainly shown that without art the world would be a dull and boring place.

Along with his contribution to Chinese expressive paintings, we also gather to celebrate the 80th lunar birthday of Master Tam Shek-Wing. The Group of Eighteen has been blessed with tremendous artistic abilities and this exhibit showcases their fine craftsmanship and bold expressive brush strokes.

I would like to thank all those whose hard work has made it possible for this exhibit to exist, as well as these talented artists whose artwork has helped to add to the vibrancy of Chinese paintings in Canada and internationally.

Sincerely,

Rathika Sitsabaiesan, MP
